

SCC LIGHTHOUSE- AND FOLLOWER CITIES EVENT

at Nordic Edge Expo, September 27th

Join EU's Horizon 2020 projects and cities at Nordic Edge Expo this year. 12 projects, 78 cities and their partners are invited to attend the H2020 day, Thursday 27th, to share insights from their projects, lessons learned and grow their network.

During the Lighthouse- and Follower cities event, there will be one public session, and one internal session. In the public session we invite anyone with interest in the projects to attend. We believe it's equally important to use this arena to meet and discuss with your peers, so we're developing targeted internal sessions for the different task groups.

Safari and social get-together on Wednesday afternoon

Explore the impact of Triangulum in Stavanger. On this Triangulum safari, we'll visit the local demonstrations in Stavanger and hear from the projects in the three cities of Triangulum. The safari ends in an informal networking get-together with finger food and drinks.

SCC01 #646578

PUBLIC SESSION	INTERNAL SESSION
<p>Project Coordinators Trial. Innovate. Replicate. Lessons learned from Europe's Smart City Lighthouse Projects and the way forward</p>	<p>Communication workshop A collaborative session where we work together, learn from each other and discuss future possibilities for our communication efforts.</p> <p>The aim is to get a better understanding of current work, objectives and communication needs for the different projects and cities.</p>
<p>City Coordinators Beyond Horizon 2020, The cities share their learning and best practice. What did it bring the cities and how do they move forward?</p>	
<p>Business Models and Finance task group "Packaging" and Financing Solutions for EU Smart Cities</p>	<p>Big data</p>
<p>Communication How to make invisible projects visible to its stakeholders</p>	<p>Lighthouse- and follower city coordinators</p>
<p>Big data</p>	<p>Business Models and Finance Task Group</p>

The internal program will be finalized based on input from attending projects and cities. All questions and input can be sent to Katelien van den Berge.

Special discount for lighthouse and follower cities

Everyone involved in SCC projects will get 50 % discount on their conference ticket. The SCC program on Thursday has no fee.

The discount is available exclusively for people involved in the 12 SCC projects. To get the discount-code and signup link, send an e-mail to Katelien van den Berge, katelien.van.den.berge@stavanger.kommune.no.

Triangulum Stavanger is organizing the H2020 event in collaboration with Nordic Edge Expo.

Remember the replication meeting in Stavanger, September 28th.
